OPTICS OF LIQUID CRYSTALS 2019

SEPTEMBER 8-13
HOTEL CHÂTEAU LAURIER
QUÉBEC CITY, CANADA

OLC2019.ORG

Dear colleagues,

It is our great pleasure to invite you to attend the 18th edition of Optics of Liquid Crystals which will be held in Québec City, Canada, at Hôtel Château Laurier on September 8-13, 2019.

Building on the success of past editions, OLC-2019 is a top-level international conference bringing together scientists and industry specialists from different research fields to share on state-of-the-art research, recent achievements and global trends in liquid crystal technologies.

The Local organizing committee is preparing an exciting scientific program which will hopefully foster lucrative information exchange and cross-disciplinary interactions that can spur the development of this exciting materials research field.

We invite all interested individuals to submit an abstract for an oral or a poster presentation, and we sincerely look forward to welcoming you in Québec City next September.

Tigran Galstian, Université Laval and the Organizing Committee

Abstract submission dealine	**April 22, 2019**
Early bird deadline	**July 1, 2019**

Topics:

- **Optics of traditional liquid crystalline materials**
- **Novel liquid crystalline materials and phenomena**
- **Liquid crystal optical components and devices**
- **Biophotonic applications of liquid crystalline material**
